Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce and Vegetables.

PORTLAND, August 3.—The local hop market is very strong today, with the 10c quotation named in all quarters. McKinley Mitchell, who was in Marion County for the past few days, returned to Portland last night. He says today that he has options on several large lots at 17c, but would not say unqualifiedly that the product would be taken over at that figure. In his opinion 16c is the market today, and there is nothing in his advice pointing toward a lower price. He says the prolonged dry weather is doing the crop some damage, to what extent he is unable to state, but he learned enough to convince him that the yield would probably be between 110,000 and 115,000 bales.
